Admission Policy of Gunma University Graduate School

Admission policy
~ We seek the following applicants ~
We seek applicants who have academic skills and capabilities required by the graduate schools or institutes according to their programs or specialties. Applicants should be motivated to contribute to the development of society through research and practice.

Admission Policy of Gunma University The Graduate School of Health Sciences (Master’s Program)

~ Our Master’s Program is recruiting for the following applicants. ~

<Objectives of human resource development>
⑴ Persons who understand holistic medicine and have sophisticated expertise and skills,
⑵ Persons who have the basic literacy to practice education and researches in the specialized field,
⑶ Persons who can engage in community-based activities as health care/welfare professionals,
⑷ Persons who can engage in international health care and welfare activities

<Capabilities and qualities required for enrolled students>
⑴ Persons with the desire to make a contribution to society in the health care and welfare fields,
⑵ Persons who enter the subsequent doctoral program (Ph.D.) of the Health Sciences course and aspire to be educators/researchers

<Screening method>
We comprehensively evaluate the results of essay-type test, foreign language test and oral test, and the academic transcript of the applicant and the application documents such as the outline of his/her preferred study. The essay-type test measures his/her general knowledge and thinking power on health science and medical science. The foreign language test measures his/her reading comprehension of the English literature. We also conduct entrance examinations for working people and international students in addition to a general entrance examination.

However, the above shall be applied only in the case where the applicants have submitted any score of TOEFL-PBT (paper-based test), TOEFL-iBT (Internet-based test), TOEFL iBT® Special Home Edition, TOEIC Listening & Reading Test (open
test), or IELTS (academic module).

2 In principal, the oral examination of the international student entrance examination is held in English. Subsequently, we may ask some questions about Japanese proficiency.

3 The examination is held on the same day with the general entrance examination. However, the schedule for the interview on the Internet is determined individually.

(Messages about the International Student Entrance Exam>
Contact the supervisor you want to receive guidance (see pages 39-43) prior to the application and make sure to consult him/her on your research plan after admission. Note that most of the lectures are held in Japanese.

<Double applications for the international student entrance examination and the general entrance examination>

15 Special measures for educational method
We offer the day and evening courses system for students who have passed the entrance examination for working people, and those in employment who have passed the general entrance
examination, if they wish.

Under the system, education is provided at night (from 18:00 to 21:10), on Saturdays, Sundays and national holidays and during summer or other vacation period.

16 System for long-term degree completion

The system allows particular students such as students in employment who have difficulty completing the regular course within the formally-stated period of study (2 years for master’s course) to extend the study period so that they can take and complete the courses systematically over the said period.

Students who want to use the system need to consult with the supervisor and apply within the application period.

(1) Eligible students
   1) Students in employment (or to be employed) who have difficulty sparing time to study or to take lessons due to business assignment,
   2) Students who have difficulty sparing time to study or to take lessons due to household duties, childcare and/or nursing care,
   3) Besides these, students who have reasons the Graduate School of Health Sciences approves for application of the said system.

(2) Long-term study period

The period adding one year or two years to the formally-stated period of study (but the school days should not exceed twice as long as the said period of study)

(3) Tuition fee

The annual tuition fee for the long-term study period is the amount obtained by multiplying the number of years equivalent to the number of the formally-stated period of study (two years) to the prescribed annual tuition fee (JPY 535,800) and then being divided by the number of course term given for a long-term student.

(4) Application period

From February 24 (Wed.) to March 5 (Fri.), 2021

(5) Documents to be submitted
   1) Application form for the system for long-term degree completion
   2) Curriculum/study plan under the system for long-term degree completion
   3) Certificate of enrollment required for a student in employment
   4) Other documents required by the Graduate School of Health Sciences

Refer to the guideline enclosed with the letter of acceptance for details.

(6) Inquiries:

Graduate Student Section, Educational Affairs Office, Showa Campus, Gunma University
TEL. +81-27-220-7804

17 Information disclosure about entrance examination

The information about entrance examination is disclosed in the following way.

(1) Disclosure on the website

The numbers of applicants, examinees, successful examinees and enrolled students, the number of enrolled students by gender and the highest total score of enrolled students in essay and foreign language tests.

When disclosure of the highest total score may lead to identification of a specific individual, the information will not be provided.

Release date: May 6 (Thu.), 2021

(2) Total scores of an examinee’s essay and foreign language tests are disclosed on demand from the examinee in writing
Disclosure application period: From May 6 (Thu.) to May 28 (Fri.), 2021

(3) Inquiries:
Admissions Section, Educational Affairs Office, Administration Division, Showa Campus of Gunma University
TEL. +81-27-220-7797

18 Protection of the Personal Information about the Applicants for Admission etc.

Gunma University will acquire the personal information about the applicants, etc. through the application documents submitted and the personal information about the examinees by carrying out the entrance examination, but the personal information described above will be used only for the following operations based on "Act on the Protection of Personal Information Held by National University Corporation Gunma University".

2 Course for Certified Nurse Specialist (CNS)

Our graduate school is a certified educational institution which students can get qualification in the fields of cancer nursing, gerontological nursing, chronic care nursing and maternal nursing to take the CNS test.

In the CNS course, students need to complete six to ten credits in the clinical training. They also need to complete 38 credits in cancer nursing and gerontological nursing. The chronic care nursing and maternal nursing field are now change its course requirements from the year of 2020, in which students need to complete 38 credits.

See the website of the Japanese Nursing Association (https://www.nurse.or.jp) for CNS.

(Note) A person who desires to take this course should consult his/her Academic Adviser and submit the application.

3 The Cancer Professionals Training Course

This training has three courses (1. Cancer Genomic Medicine and Nursing, 2. Pediatric, Adolescents and Young Adults (AYAs), and Rare Cancer Nursing Science, 3. Living with Cancer and Quality of Life in Cancer Nursing Science) to cultivate human resources specialized cancer medical services meeting multiple needs.

(Note) A person who desires to take the course should consult with Academic Advisers of Cancer or Pediatric Nursing prior to application.

4 Clinical Research Coordinator (CRC) administrator course

The course aims to educate “clinical research professionals” with advanced knowledge and skills required for clinical researches to implement and lead a high-quality clinical research. Students who want to take the course need to consult with the advisor.

5 Community-based nursing leader course

The course aims to educate students to acquire leadership skills to provide seamless care among the community, home, and hospital settings. Upon graduation, students are expected to be community-based nursing leaders with “a home care mind” in response to today’s social requirements.

(Note) A person who desires to take this course should consult his/her Academic Adviser and submit the application.

* See the brochure of our Graduate School of Health Sciences for requirements for completion, career options of those who complete graduate school and subjects.
