【WHOと協働した次世代型医療高度専門職リーダーシップ育成プログラム】

文部科学省の「国費外国人留学生の優先配置を行う特別プログラム」に採択されたことに伴い、このプログラムは2023年度から開始します。本学生募集要項は、当該プログラムについての募集となります。

≪プログラムの要旨≫
本プログラムは、アジアより優秀な留学生を獲得し、次世代型の医療高度専門職リーダーを育成します。当該留学生は、リーダーシップに必要なノンテクニカル・スキル、人間工学、データサイエンスの専門知識を習得すると共に、本学日本人学生との共修による各専門領域の多職種連携の実習や医療安全に関連したプロジェクト研究へと参画します。本プログラムでは、留学生のほか、日本人学生も受け入れます。
本プログラムは、WHOとの多職種連携教育や先進的な医療安全教育の学びを経て、各領域の管理職や医療人材育成専門家への就業支援の機会も得ることができます。本プログラムは、エビデンスに基づいて最適な判断を行う全人的医療をアジアに広げ、日本型医療安全システムの拠点構築に貢献する人材を育成します。

【Next Generation Healthcare Professional Leadership Development Program in Collaboration with WHO】

This program will begin in the 2023 academic year, following its selection by the Ministry of Education, Culture, Sports, Science and Technology (MEXT) of Japan as a "Special Program for Priority Placement of Government-Sponsored International Students". This application guideline is for this program.

≪Summary of the Program≫
This program aims to attract outstanding international students from Asia and nurture the next generation of highly skilled medical professional leaders. The students will acquire the non-technical skills, ergonomics, and data science expertise necessary for leadership, as well as participate in practical training in collaboration with Japanese students in their respective fields of expertise and in project research related to medical safety. This program accepts Japanese students as well as international students.
This program also provides students opportunities to learn about multidisciplinary cooperation with WHO and advanced medical safety education, as well as employment support opportunities for managers and medical human resource development specialists in each area. This program will foster human resources who will contribute to the expansion of holistic medical care in Asia, where optimal decisions are made based on evidence, and to the establishment of a base for a Japanese-style medical safety system.
【群馬大学志願者の入学検定料免除について】
群馬大学では、東日本大震災及び風水害等の災害に罹災した志願者の進学の機会を支援する観点から、特別措置として検定料の全額を免除します。
免除の対象となる災害及び被災地域など、免除に関する詳細については、本学のホームページをご覧ください。

Admission Policy of Gunma University Graduate School

Admission policy

~ We seek the following applicants ~

We seek applicants who have academic skills and capabilities required by the graduate schools or institutes according to their programs or specialties. Applicants should be motivated to contribute to the development of society through research and practice.

Admission Policy of Gunma University The Graduate School of Health Sciences (Doctoral Program)

~ Our Doctoral Program is recruiting for the following applicants. ~

<Objectives of human resource development>
1. People who can practice creative or interdisciplinary researches in the health care and welfare fields.
2. People who can practice a high degree of education in the health care and welfare fields.
3. People who have a high level of expertise and technique in health sciences and will become a leader in the health care and welfare fields.
4. People who can engage in guidance, education and research in the international health care and welfare fields.

<Capabilities and qualities required for enrolled students>
1. People who have the master's level of health care and welfare expertise and research experience.
2. People who have the communication and language skills necessary to promote research from a global perspective and disseminate the results widely.
3. People who are willing to contribute to society as researchers, educators, or highly-skilled professionals in the fields of health care and welfare.

<Basic policy for selecting enrollment>
This major will conduct the following entrance examinations for selecting students with the grounding listed above and make a comprehensive judgment by the results of an academic examination (foreign language (English)), achievements including a thesis submitted at the end of the master's program or an academic paper published as the first author, an oral examination, and academic achievements. In the oral examination, questions regarding expertise knowledge and research skills will be asked individually.
○ General entrance examination, Entrance examination for working people, and Entrance examination for international students

The foreign language (English) examination will be imposed to evaluate “ability to read and comprehend literature in English” (Capabilities and qualities required for enrolled students 2). Moreover, an oral examination will be imposed to evaluate “expertise knowledge, research ability, research plan, and the aptitude and motivation as a researcher or highly-skilled professional” (Capabilities and qualities required for enrolled students 1-3). Furthermore, the application documents will be added for a comprehensive judgment.

Education and Student Support Section, Educational Affairs Office, Administration Division, Showa
16 Special measures for educational method
We offer the day and evening courses system for students who have passed the entrance examination for working people, and those in employment who have passed the general entrance examination, if they wish.

Under the system, education is provided at night (from 6:00 p.m. to 9:10 p.m.), on Saturdays, Sundays and national holidays and during summer or other vacation period.

17 System for long-term degree completion
The system allows particular students who have difficulty completing the regular course within the formally-stated period of study (3 years) to extend the study period so that they can take and complete the courses systematically over the said period.

Students who would like to use the system need to consult with the supervisor and apply within the application period.

1) Eligible students
   1) Students in employment (or to be employed) who have difficulty sparing time to study or to take lessons due to business assignment,
   2) Students who have difficulty sparing time to study or to take lessons due to household duties, childcare and/or nursing care,
   3) Besides these, students who have reasons the Graduate School of Health Sciences approves for application of the said system.

2) Long-term study period
   The period adding one to three years to the formally-stated period of study (but the school days should not exceed twice as long as the said period of study).

3) Tuition fee
   The annual tuition fee for the long-term study period is the amount obtained by multiplying the number of years equivalent to the number of the formally-stated period of study (three years) to the prescribed annual tuition fee (JPY 535,800) and then being divided by the number of course term given for a long-term student.

4) Application period
   From February 22 (Wed.) to March 6 (Mon.), 2023.

5) Documents to be submitted
   1) Application form for the system for long-term degree completion
   2) Curriculum/study plan under the system for long-term degree completion
   3) Certificate of enrollment required for a student in employment
   4) Other documents required by the Graduate School of Health Sciences
   Refer to the guideline enclosed with the letter of acceptance for details.

6) Inquiries:
   Graduate Student Section, Educational Affairs office, Showa Campus, Gunma University
